Maple Organic System Plan Annual Update 2024

Please complete this form in its entirety if you are a new applicant or if you are renewing your certification. Sign this form and attach supporting documentation as specified in Section 13. Incomplete information may lead to a delay in certification. Use additional sheets if necessary. Mark any sections that do not apply to your operation as "Not Applicable."

☐ Check this box if you would like us to make information regarding your production available <u>upon request only</u> to potential recognized buyers. *IF YOU AGREE, TCO Cert will release your information exclusively for your business opportunity purposes.*

SECTION 3: Maple Plan Management

At least 36 months of histories are required for all tapping areas that are or will eventually be requested for certification (including areas that are currently transitional or conventional). **Please Note:** Tapping area histories must include the current year and show all areas, area ID, size of each area (acres, hectares, etc.) and any inputs that may have been applied (must include specific dates and rates of application). Also attach maps of all areas which indicate directions, size and shape, buffer zones and adjoining land use. If vacuum pumps are used, you must submit maps that include all tapping lines and any pump stations. There must also be an overview map that shows all collection areas in relation to one another. The sizes listed in the histories and maps must correspond. If the legal description/address for each tapping area is not located on the history sheets and/or field maps, please submit a sheet that provides this information. If all tapping areas are connected in an entire operation, one legal description/address is sufficient. If the sugar bush is on Crown Land, include the government documentation dealing with aerial pesticide and/or fertilizer spraying in your area. 1. Status of operation: Organic only Organic with trees in transition 2. How long have you managed your operation? 3. How long have you been certified? 4. Total tapping area owned: 5. Total tapping area rented: 6. Total number of taps: All organic 7. Total number of organic taps: 8. Do livestock have access to the sugar bush? ☐ Yes □ No 9. Have you managed all production areas for 3 or more years? ☐ Yes □ No If no, you must submit signed statements from the previous manager stating the use and all inputs applied for the previous three years on all newly rented or purchased areas. A completed and signed TCO Cert Prior Land Use Affidavit (PLUA) or equivalent documentation will address this. Please complete the following table to indicate the specific tapping areas and maple products that will be requested for certification. Add additional sheets if necessary. PROJECTED PRODUCTION TAPPING AREA IDENTIFICATION/MAPLE PRODUCT **TOTAL NUMBER OF TAPS AMOUNT** (including unit of (attach a list if easier) (only for tapping areas) measure)
