FIELD MANAGEMENT SUMMARY

Please note that this Field Management Summary (FMS) replaces the old FMS where we ask for the past 3 years's information. Since we already have the previous 2 years' data, we only need this year's information. If you are a first time applicant or are an existing operator adding new fields please use the " FMS - New Fields" form.

Field numbers and Plot identification must correspond with numbers/identification on OSPAU, maps, and last year's FMS.

List all inputs including fertilizers and manure, insecticides, herbicides, seed treatment and soil builders used or planned and include the date applied.

Name:	including rerunzers and manure, insecticides, nerbicides, seed to				Operator Number:	•		
Use one line pe	r field. Add mor	e pages as need	ed. Please com	plete the "Total	Acres" section at the bottom	of the page.
